FROM: Charles E. Allen

SUBJECT: Bi-Weekly Warning Report

1. Attached is my latest warning report for the Director for your review. The biological weapons piece [redacted] points to an additional regional threat that is frequently overlooked in the glare of coverage of chemical weapons. [redacted] Berbera may soon be in danger of Somali rebels carrying out their threatened attacks in the north. [redacted] concurs with an assessment of the prior long-term prospects for Benjedid's Algeria.
